A FORTNIGHTLY NEWSLETTER, MAY 1st, 2022 EDITION

### PREFACE : *INFINITREE*

Mind is the infinite library of the universe and all knowledge that the world has ever received comes from the mind.

'The Infnitree' is an artistic creation crafted on a natural tree in the environ of our school. It stands tall in the centre of the school as an inspiration to unlock the infinity knowledge hidden in the mind of every student.

The key to unlock this infinite knowledge within us lie in the treasure trove of books.

While the tree is mother of all sources; books made from the tree are the source of knowledge. 'Infnitree' is also symbolic of remaining rooted to our source. This is a testimony to the philosophy of APSB put together by the vision and leadership of our Principal and the team effort of staff and students in the years to come.
